REMARKS--General

By the above amendment, Applicant has corrected the drawings to reflect the changes needed to be in compliance with the detailed office action.

During the review of the detailed office action, there were minor amendments made to the specification, from the direction of The Examiner, and to stay in compliance with full-disclosure of the invention in its' truest form.

Also Applicant has amended claim 8, and claim 9 to correct informalities in the writing of those particular claims. Applicant has presented his declaration for the purpose of swearing behind the relevant and controlling prior art, as to traverse the objections/rejections of claims 1. - 7. and 10. - 20.

Conclusion

For all the above reasons, applicant submits that the drawings, specification, and claims are now in proper form, and that the claims all define patentably over the prior art. Pursuant to the facts within his declaration, The 1999 American Inventors Protection Act, 37 CFR 1.131, 1.132, and M.P.E.P. § 2136.05; he submits that this application is now in condition for allowance, which action he respectfully solicits.

Conditional Request For Constructive Assistance

Applicant has corrected the drawings, amended the specification and claims of this application so that they are proper, definite, and define novel structure which is also unobvious. If, for any reason this application is not believed to be in full condition for allowance, applicant respectfully request the constructive assistance and suggestions of The Examiner pursuant to M.P.E.P. § 2173.02 and § 707.07(j) in order that the undersigned can place this application in allowable condition as soon as possible and without the need for further proceedings.

Very respectfully,

Franz A. Wakefield
